January 11, 1991

Dear Program Director:

We are the publishers of the ARIS FUNDING REPORTS - Biomedical Sciences Report, a newsletter which describes federal and private funding sources and research/training opportunities in the biomedical field.

Last year we listed your organization's program(s), deadline date(s), and contact information as shown on the enclosed copy.

Would you please make any necessary corrections in this copy so that we may list it accurately in our next issue, which will be published in February.

It is particularly important that we have the correct 1991 application deadline date(s) for this program. The date listed in the right-hand column of the enclosed copy for 1990.

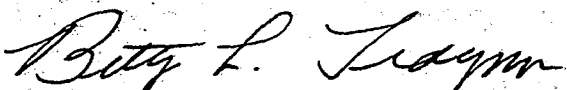

Please indicate additional deadlines, if any, for this program. If you have any printed material for this or any other program(s) you fund, please include this information as well.

Please return this information to us, even if there are no changes, by January 31.

I have enclosed a self-addressed mailing label for your convenience.

Thank you very much.

Sincerely,

Betty L. Traynor, Ph.D., Editor
Biomedical Sciences Report
